### **PUBLIC SERVICE ANNOUNCEMENT**

Duncan Power has been notified of scheduled upgrade work on an AEP/PSO Transmission line segment that serves Duncan Power substations; beginning Sept. 21 and Sept. 22. During this time period we expect service as usual. However, if power is interrupted due to some unforeseen event, All Duncan Power Customers would be without power until repairs were completed.

If an outage were to occur, Duncan Power Crews will be standing by to facilitate restoration of power to our customers as quickly as possible. As mentioned before; this is planned work and we do not anticipate any service interruption(s).

The City of Duncan appreciates your patience during this very important project.
